

THAT SHADOW DEMON
you can conquer

**AVOID THAT
FUTURE SHADOW**
Don't spoil your figure
by eating between meals.
Be moderate. Over-indul-
gence is not commended.
When tempted, smoke a
Kensitas instead. Coming
events cast their shadows
before. Avoid that future
shadow.

**IT'S EASIER
TO DANCE
IF YOU'RE SLIM**

It's easy to avoid that
future shadow with
Kensitas

THERE'S not much fun to
dancing if you're overweight.
Poise and grace are completely lost
by the overweight generally
brought on by eating between
meals.

Why run the risk of losing a
slender figure when Kensitas offers
a pleasant way of keeping trim and
fit? Don't eat between meals. That's
just the time to say: "No thanks, I'll
smoke a Kensitas instead."

Notice how completely the frag-
rant flavour of a Kensitas brings de-
light to your taste. Watch how
quickly the mellowness of a Ken-
sitas satisfies by instantly removing
your desire to eat between meals,
thereby saving you from that future
shadow.

Kensitas are smoother because
they're mellow—better because they
satisfy that between-meal craving.

SHAY SHIP RISING.

Halifax Town gained a welcome and much-needed victory last Saturday when they beat New Brighton by four goals to none.

SATURDAY, NOVEMBER 2, 1929

THE DESPERATE ROVER.

Hull Kingston Rovers came to Thrum Hall on Monday, and conquered the Blue and Whites in the second round of the Yorkshire Cup, after a game which was marred by "rough" tactics.

SATURDAY, NOVEMBER 9, 1929.

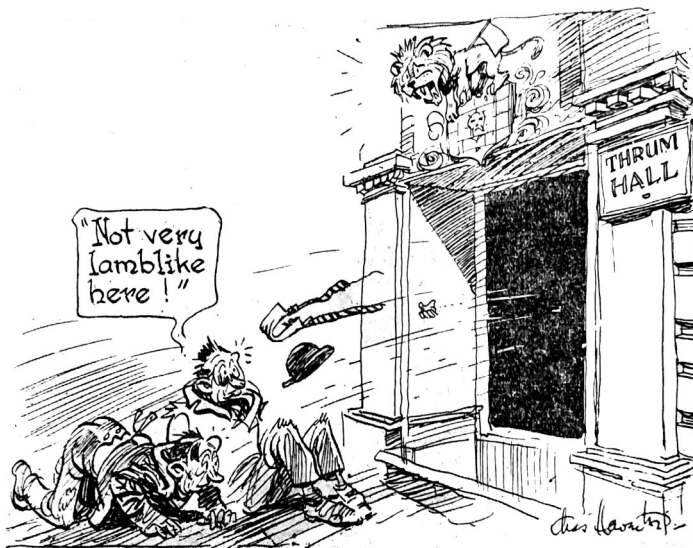

PREVENT THAT SINKING FEELING

(With apologies to a famous poster artist)

If League football is to be retained in Halifax immediate financial help for Halifax Town must be forthcoming. Meanwhile, an administrative reorganisation is in prospect.

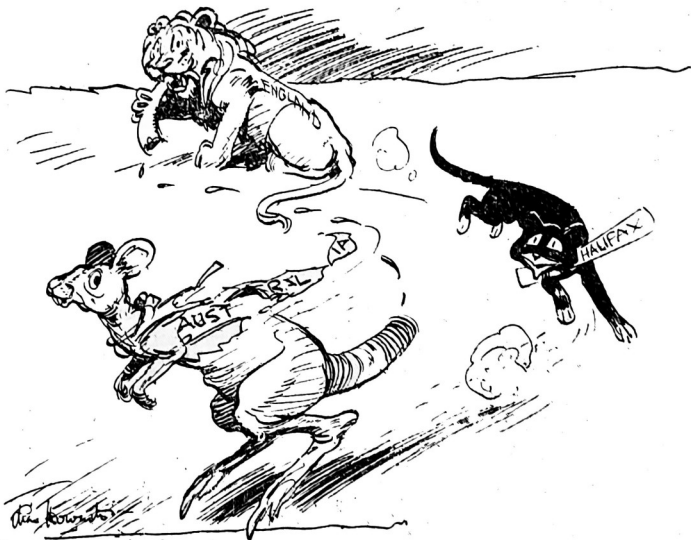

THE LION AND THE LAMB.

Everybody knows that a lamb figures in the Halifax Coat of Arms. This was very appropriate for the Blue and Whites also at the beginning of the season. Five successive wins, however, has made Thrum Hall a place to be feared. On another page it will be seen whether the lion has been tamed in to-day's Cup-tie.

SATURDAY, NOVEMBER 16, 1929

THE CAT IN THE HUNT?

After England's victory over the Australians in the second Test match, the Blue and Whites will be all out to give the "Kangaroo" another shock on Saturday.

SATURDAY, DECEMBER 7, 1929

FURTHER OUTLOOK—BLACK ?

Town were knocked out of the Cup at Carlisle, and the Blue and Whites came to grief at Oldham. To-day the colliers of Wigan and Featherstone provided the opposition.

SOME BIRTHDAY!

Inspired by a Birthday and aided by a very the Kangaroos "wick Weissel" were let loose scampered through our lines in mass formation

Even after "justice" had been "done" it was still the Blue & Whites who were "down under".

True the young uns Haigh & Smith showed that tries can be scored—

But there they finished, for the procession commenced and ready reckoners were useful.

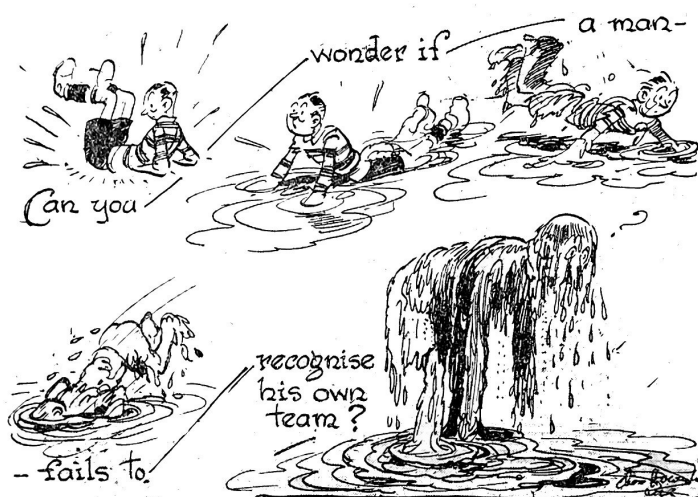

What a Birthday!

It is rumoured that the losers will go in with a bat next time.

The Kangaroos came and conquered to the tune of 58—9, giving their manager a happy 40th birthday. Mr. Sunderland's father was born at Brearley.

WHEN THE “STARS” ARE HIDDEN

Saturday was a typical English winter's day, and footballers and their followers had a most trying time.

WELCOME!

Christmastide football will be provided by our neighbours from Huddersfield, at Thrum Hall, on Boxing Day, the Imps from Lincoln at the Shay on Christmas Day, and the Rangers visit Ovenden Park on Boxing Day.

why not a PINDER Overcoat

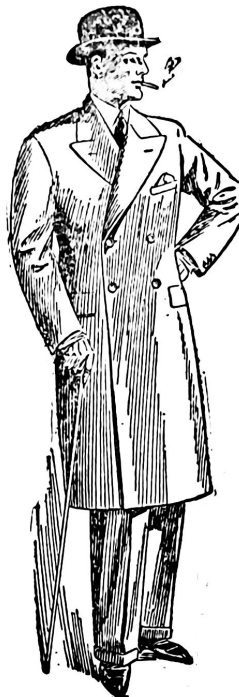

THE zest of a sharp Winter breeze in them—the smartness of the best of the West End. A new style—and we want to lay stress on this one—is here for you this Winter. You'll note the fine lines—the shape of the collar and lapels—the two buttons—all points that the well dressed man needs and appreciates. Yet you must hear about the materials. Smooth finished plain velours. How they wear! In Navy. In Blue-grey. In Oxford Grey. But most of all you'll like the tailoring and perfect fit. For whatever your figure you'll find the exact fit here—and for your son also. Call—why not to-day—and see the "Pinder" Overcoat.

The Coat Mode is based on Flares and Fur Trimming.

LAVISH Fur-trimment and the subtle application of the Flare are the chief characteristics of the smart Autumn Coats we are now showing. Some have massive Rolls that wrap closely round the shoulders and fit snugly to the neck . . . the very essence of luxurious comfort. Others have huge Bolster Collars of quite regal appearance and are finished with large Muff Cuffs. The Mediol Collar is also a great favourite, chiefly where minkskin is the fur employed.

Quick Sales and constant freshening of stocks with new styles makes our range always worth seeing. If you have not yet chosen your new coat, come and see us this week-end.

Allotments to Give Way to Housing.

At a meeting of Halifax Town Council last evening, the Mayor (Ald. E. Smith, J.P.), extended a hearty welcome to Councillors H. Rothery and L. J. Akroyd, representatives for Kingston Ward.

On the proposition of Ald. Turner, seconded by Ald. Slater, Coun. Rothery was appointed to the Waterworks, Improvement and Housing and Town Planning committees, and Coun. Akroyd to the Watch, Markets and Parks and the Sewage and Salvage Committees.

On the Gas Committee's minutes being submitted, Coun. Sykes, referring to a resolution appointing representatives of the committee to various institutions for the present municipal year, moved an amendment that the Gas Committee should observe the same custom as other committees and appoint their representatives at such times that the meetings were called by the respective associations.—There was no second, and the minutes were approved.

TEACHERS AND REORGANISATION.

Constitution of Sub-committee.

Coun. Maude drew attention to a resolution of the Education Committee appointing two persons to represent the teachers on a special sub-committee to consider the reorganisation of elementary schools on the lines suggested in the Hadow report. He moved an amendment that the two representatives to the committee should be nominated by the Head Teachers' Association. At the meeting of the Education Committee he was under the impression that the persons appointed had been nominated by the Head Teachers' Association, but he found that was not so. There was nothing personal in the matter. The two people mentioned were capable, but they would have more strength and power if they were the direct representatives of the Head Teachers' Association.

could negotiate for it at a price which would be satisfactory from their standpoint.

PRESSING DEMAND FOR ALLOTMENTS.

Coun. Midgley described it as unfortunate that two committees which ought to be working hand and glove together were competing for that land. There was a considerable amount of available building land within a few score feet of that plot. It seemed a thousand pities that a bit of the most perfect ground for allotment purposes should be broken up for housing. Those fields had been under cultivation for a long number of years; the soil was excellent and the land was nearly level. As far back as last March the Allotments Committee viewed those fields and the report was favourable. They gave instructions that the District Valuer should give his valuation, but, through no fault of their own, the committee experienced much delay. Eventually, in desperation, they offered £1,000 for the land, but that figure was turned down, the owner requiring more. They had therefore adopted the resolution before the Council, asking for power to take action for compulsory purchase. If the matter went to arbitration, he thought the price should be reasonable and equitable. There was an idea that allotments had gone out of fashion, but instead of that there was a constant and pressing demand for them. The local federation had a waiting list of no less than 67 people wanting allotments. During the last two years 141 allotment holders had been compelled to leave their plots because the land was required for other purposes. On the Craven Edge estate 46 allotment holders would have to clear out—because of the building of the new High School and the provision of playing fields.

VARYING VIEWS.

Coun. Gledhill pointed out that the Housing Committee had built over 1,000 houses, and in nearly every case considerable provision had been made for gardening; he supported the claim of

The Oxo Habit

Add a teaspoonful of Oxo to an Oxo Tule, to a large glass of hot milk and boiled.

OXO with Hot Milk

The value of Oxo and Milk is universally appreciated. Countless thousands enjoy it daily, old and young; while the benefit derived from this perfect combination of two great nerve and body foods is incalculable.

The Perfect Food for Everyone

Proteins are essential to life. The proteins of beef most closely resemble those of our own bodies. Hence they are most readily and beneficially absorbed. Oxo provides these proteins as well as the Beef extractives, and, therefore, combined with milk, forms a food of remarkable value both as a nutrient and digestive.

Taken habitually, Oxo with milk promotes health and vitality, and better equips the body to resist illness and the strain of modern life.

Bonny because HEALTHY

HEALTHY because of Fry's Cocoa

Fry's Cocoa maintains the health which is the foundation of bonny looks. Its delicious "chocolate" aroma invites the appetite, which is then satisfied by a nourishment that lasts. Fry's Cocoa is easily made because it dissolves quickly and thoroughly. A rich cup can be prepared from a very small quantity. As a food and drink for young and old, there is nothing better than Fry's Cocoa. At breakfast, mid-day and bedtime, drink Fry's Cocoa.

FREE GIFTS

Every 1lb. tin of Fry's Breakfast Cocoa contains one coupon, 3lb. tins have two, and 1lb. tins have four. Twelve Coupons entitle you to a free gift of three Fry's delicious chocolate Cereals, and twenty-four Coupons entitle you to a free gift of three Fry's delicious chocolate Cereals, and twenty-four Coupons entitle you to a free gift of three Fry's delicious chocolate Cereals. Start collecting today. For your coupon to Fry's Gift Department, Bristol.

How to make a cup of Chocolate

For a drinking chocolate take a heaped teaspoonful of Cocoa with an equal quantity of sugar to suit breakfast cup. Mix to a smooth paste with a little milk, then add boiling milk or milk and water, stirring all the time. Boil again for one minute and whisk immediately before serving.

Fry's Cocoa

What about a little box of very good Cigars, such as, say,

CORONO BELVEDERES, at 25/-;

CORONA "HALF CORONAS," at 29/6; or

CORONA "LIQUEURS," at 30/-;

or some other from our very varied stock; or a nice Casket of Cigarettes? How would a neat little hamper of Assorted Liqueurs do, at 18/-; or a Bottle of good Liqueur or of Liqueur Brandy, such as "Napoleon" Brandy, at 30/-? Or a little of the highest grade Whisky such as

DEWAR'S in a Doulton Ware Flagon (very handsome), 17/6;

or
DEWAR'S "VICTORIA VAT"
BUCHANAN'S "LIQUEUR"
HAIG'S "DIMPLE"

} at 13/6 bottle?

A little Fine Port such as our "No. 4" at 6/6 bottle, or "REX" at 7/6, would surely please.

Any of these packed in nice hampers or little cases and dispatched for you.

Very welcome to some would be a box of the genuine "OLD CHELSEA" SPIRIT LIQUEUR CHOCOLATES. These are "the real thing." 10/6, 6/-, 3/- box.

What TIME you Men WASTE

YOU spend hours wondering what to give us for Xmas. Why not give us something that will take the drudgery out of the housework?... Something that will do our work so quickly that we will have time to read... to "keep up" with things?

Give her a Hoover and you give her happiness. For the Hoover is an electric beater, an electric sweeper and an electric cleaner. It dusts the whole house and cleans the upholstery, too. Hence the truth of the phrase: Give her a Hoover and you give her the best.

ERNEST TURNER, Electrical Engineer,
18, Huddersfield Rd., Elland. Tel. 213.

The Hoover will be wrapped up in this way, upon request, for Christmas delivery.

Gifts

There are many gifts of a wholesome and practical kind, eminently suited to Christmas. Webster's rich blends of Tea in delightful canisters for the old folk. Gay coloured crackers of good 'report' and pleasant surprises. Gift chocolate boxes by the best makers. An assortment of crystallised fruits, delicately packed in attractive boxes. Winsome packages of dates, figs, etc., and the usual Christmassy fruits, almonds, raisins, walnuts, etc.

Sensational Slump on New York Stock Markets.

20,000,000 SHARES CHANGE HANDS.

Hysterical Selling Brings Prices Tumbling Down.

Close on 20,000,000 shares changed hands on the New York Stock Market, yesterday, a new high record, the final sale of the day not being recorded on the tape machine until four hours eight minutes after the close of the Exchange.

How drastic was the decline in the earlier hours may be judged from the fact that Radio, which closed on Wednesday at about 68, was sold yesterday as low as 45. General Motors receded from about 57 to 49 and United States Steel sold for 195. These figures constitute a startling comparison with the year's high prices of 114 for Radio, 91 for General Motors and 261 for United States Steel.

Reassuring statements by Messrs. Morgan and other leading bankers restored confidence to some extent, and there was a rally in the afternoon, recoveries ranging from 10 to 20 points from the lowest level in most of the active securities. John S. Manville leaped up 35, while United States Steel rose to more than two points above yesterday's closing price of 204. The Market, nevertheless, closed in an unsettled state.

The cotton market was characterised by the same weakness. After advancing on reported frosts, prices fell sharply to 17.80 before the decline was checked. Wheat, likewise, dropped to 12 cents, though a rally set in later. Other commodities were similarly affected.

BANK RATE REDUCED FROM $6\frac{1}{2}$ to 6 Per Cent.

Pleasant Surprise for Stock Exchange.

WALL STREET TO CLOSE FOR TWO DAYS.

Month's Losses £10,000,000,000.

The directors of the Bank of England at their meeting to-day decided to reduce the Bank Rate from $6\frac{1}{2}$ per cent. to 6 per cent.

Although the announcement came as a complete surprise to the London Stock Exchange, it was not altogether unexpected that the recent sensational happenings on the Wall-street Exchange would have a beneficial effect on British finance.

It will be remembered that it was on September 26 last that the rate was increased by 1 per cent. from $5\frac{1}{2}$, at which figure it had stood since February 7 this year.

No alteration had been made in the Bank Rate from April 21, 1927, when it stood at $4\frac{1}{2}$ per cent., until last February.

AMERICAN CONTRAST.

Meanwhile, another sensation is provided by Wall-street. It has been decided that the New York Stock Exchange will not open to-day until 12 noon, an hour later than usual, and to-morrow and on Saturday the Exchange will be entirely closed.

It is hoped that this action will put a term to one of the most disastrous slumps in share values in American history, investors having lost £10,000,000,000 in the last month.

The closing is to enable bankers and brokers to arrange their accounts and also to give the market a steadying period.
