

ILL!

*but then I
remembered . . .*

Our Hire Purchase furniture was safe! I remembered the free insurance policy that Simpsons of Halifax give away with their easy payment agreements. And although I was ill for several months, the payments were met in full. What's more, I did not have to repay a single penny!

THIS REALLY HAPPENED!

Mr. D. M. Martin of 27 Urban Road, Hexthorpe, bought a quantity of furniture from us on Hire Purchase. Unfortunately he became ill, an illness which lasted eight months. He was greatly relieved to find that his Hire Purchase payments were safely covered by the free insurance, and in fact £66.1.1d. was paid on his behalf during this time. His letter can be seen on request. And we are very happy to number Mr. Martin among our friends.

Free insurance for Hire Purchase customers

Simpsons of Halifax give, with every Hire Purchase transaction, a free insurance policy. This means that, should you fall ill, have an accident or become unemployed, thus becoming unable to continue your payments, they will meet them in full for the period of incapacity with no question of your subsequent repayment to us. In the event of death, goods bought on Hire Purchase become the property of dependents.
